**Joy Hochstadt**

July 4, 2010

Dear Ms Hochstadt:

I hope that you are feeling well.

I have reviewed your biopsies which are fine.

There is no evidence for infection with the bacteria,  
helicobacter pylori. Please let me know if you  
are not feeling well and do not hesitate to call with any  
questions or concerns. We can also discuss any questions  
that you have when I see you for the follow-up endoscopy.

Sincerely,

Kenneth Miller, M.D.
